WHAT IS BRIGHT MLS?

Bright runs the largest, most accurate, up-to-date database of properties for sale and rent in the area, creating an open, transparent market for information about available homes. Most websites and apps get their information from Bright's multiple listing service (MLS). For more information, go to www.brightmls.com/open.

HOW DOES BRIGHT WORK?

Impartial Cooperation Among Agents and Brokers. Bright supports an open, transparent market for property information by requiring subscribers (licensed agents and brokers) to cooperatively share information about all available properties and make them available to subscribers in the area on an impartial basis.

Open, Transparent Access to Information. You and your broker decide on the information, pictures, and price submitted to Bright for your home. Bright checks it for accuracy, enhances it with historical records, and shares it (for free) with 100,000+ brokers/agents and thousands of sites and apps. Bright charges you nothing; subscribers pay a flat subscription fee.

What do I need to know about broker fees?

What your broker may earn, and what you may pay, must be agreed in a contract by the time you (seller/landlord) sign a listing agreement, or you (buyer/tenant) are taken on a home tour. **Those amounts are not set by law, trade association, or Bright; they are fully negotiable.**

Subscribers must work impartially with their clients and other subscribers, in their client's best interest, regardless of any financial arrangement with another broker, which may not be communicated using Bright's system and must be disclosed in writing to their client.

A buyer/tenant may ask in a purchase offer for a seller/landlord to cover closing costs, including broker fees. If you are a seller/landlord, you may choose to agree to cover a buyer's closing costs or service provider fees (e.g., title, broker or lawyer fees), or provide other concessions.

Client Initials to Acknowledge Understanding the Above:

As the seller/landlord, how will my broker use Bright to market my home?

1: When will your broker allow potential buyers/renters to learn about the property? _____ (date)
Subscribers must submit information to Bright about every property with an exclusive listing within two days of allowing any potential buyers (or renters) to learn about the property.

2: How will your broker use Bright? (Initial one applicable option)

☐ ☐ **2-A. Use Bright to share my home's information with the open market (Internet: Yes)**
Bright will share the property's information with other subscribers and popular websites/apps. You and your broker still manage access to the home (use option 2-C if tours/showings/open houses are not yet available when information must be submitted to Bright).

☐ ☐ **2-B. Use Bright to share my home's information with real estate professionals in Bright's MLS only, and do not publicly market my home on the Internet (Internet: No)**
Your broker may select not to have your property's information shared with websites/apps. You and your broker still manage access to the home (use option 2-C if tours/showings/open houses are not yet available when information must be submitted to Bright).

☐ ☐ **2-C. My home is ready for marketing, but will be ready for showings beginning on** _____ (date)
The property will be "Coming Soon" in Bright until ready for home tours/showings/open houses, and then "Active" once any of those begin. *If option 2-C is selected, also circle one:* Internet: Yes ☐ No ☐

☐ ☐ **2-D. I do not want my home on the open market: Restrict marketing only to my broker's network.**
Studies show that homes publicly marketed through Bright's MLS typically sell for significantly more than homes marketed as "off MLS," "off market," "private" or "exclusive." And most homes that start with restricted marketing find a buyer only once marketed through the MLS to the open market. If you want to instruct your broker to restrict marketing, then you must sign Bright's separate Limited Marketing/Office Exclusive form because this limits people's access to information.

Why market your home through the MLS?

Nearly every home in the area is in Bright's multiple listing service (MLS) database, which enables agents for buyers and renters an equal opportunity to access up-to-date information about properties for sale and rent. **Nearly every website and app relies on Bright for information about the properties for sale and rent.**

Studies by Bright show that sellers can benefit from homes being marketed through Bright's MLS; nearly all homes that start with restricted marketing off Bright's MLS find a buyer only once marketed through the MLS. Bright's research is available at BrightMLS.com/Research.

- A [2025 study](#) found that homes promoted as "exclusives" took longer to sell and gained no price advantage.
- A [2023 study](#) found that homes not promoted through Bright's MLS sold for less on average than similar homes promoted through Bright's MLS.
- A [2022 study](#) found that homes sold faster when marketed through Bright's MLS, compared with similar homes sold off-MLS.

Does the MLS automatically send my home's information to the Internet?

If privacy is important, your broker can choose in Bright's system not to send your home's information to the Internet and instead make it available only to the area's licensed real estate agents who subscribe to Bright's service. Alternatively, if you're not ready to show your home yet, your broker can choose to make the property "Coming Soon" in Bright's system.

This form instructs your broker not to have your property's information shared through Bright's service. *If this is correct, then this form must be signed at the same time as the listing agreement.*

➤ By initialing this form, Seller/Landlord acknowledges:

☐	☐	I am instructing my broker not to market through the MLS and instead to limit marketing to their own network and methods, per my written instruction.
--------------------------	--------------------------	---

☐	☐	I understand that, by not promoting my home through Bright's multiple listing service (MLS), I am substantially reducing the number of potential buyers/renters and real estate agents who can learn about the property until my home is marketed through Bright's MLS.
